CIRCULAR {
No. 6. }

WAR DEPARTMENT,
OFFICE OF THE QUARTERMASTER-GENERAL,
Washington, March 13, 1909.

1. The supplies listed herein, furnished by the Quartermaster's Department, are designated as "Class A" supplies as determined to date, issuable under paragraph 1013, Army Regulations, 1908, and General Orders, Nos. 18 and 176, War Department, 1908, and final action on requisitions therefor will be taken as provided in Circular 7, O. Q. M. G., 1909.

2. Supplies listed herein under an item of any appropriation will be considered and requisitioned for as Class A supplies under any other item or items of the same appropriation, under which the purpose for which the supplies are required will properly place them.

3. The designated depots or points of supply of the Quartermaster's Department for the posts and stations of the territorial departments and the independent stations of the United States are, except as otherwise specified, as follows:

Department of—	Depot or designated point of supply.	Pars. 49, 193, 198, and 203, Cir. 7, O. Q. M. G., 1909.

Medical Supply Depot, St. Louis.....	Do.	
New Orleans, La.....	Do.	

4. Depots, independent stations, and other military commands not under the jurisdiction of territorial department commanders will be supplied from depots as indicated for the territorial departments in which they

may be situated, except as otherwise specified. Detached military commands or expeditionary forces will be supplied from depots or other points of supply of the Quartermaster's Department to be specially designated.

A. T. 1013 and
1014, par. 6 (e).

5. Supplies listed herein which are marked by an asterisk (*) will invariably be ordered from designated depots or supply points of the Quartermaster's Department, except when transferred from posts where there is a surplus.

Pars. 193, 198,
and 203, Cir. 7, O.
Q. M. G., 1909.

6. Supplies not marked by an asterisk may, in the discretion of the department authorities, be supplied by whichever of the following ways is determined to be the most advantageous, viz:

(a) Purchase by the chief quartermaster and shipped to the post.

(b) Authorized purchased by the post quartermaster in vicinity of the post.

(c) Supply from a designated depot.

(d) Partial supply from a designated depot, purchase by chief quartermaster, and by post quartermaster in vicinity of post.

(e) Transfer from posts within the department where there is an excess of supplies.

7. When supplies are purchased as authorized in paragraph 6, the following instructions are to be observed:

(a) In purchases of articles marked with the letter "t," where offers are made of other than commercially well-known, standard and guaranteed brands, or makes, before making award, the purchasing officer should satisfy himself that they are of the required quality and suited to the purposes for which to be used. If the quantity to be purchased is sufficient and the officer is in doubt as to the quality of the articles offered, he should cause proper test to be made to satisfy himself as to the quality.

Par. 199, Cir. 7,
O. Q. M. G., 1909.

(b) Samples of all articles marked with the letter "c," will be submitted to a competent and experienced chemist for chemical analysis and test.

(c) All articles marked with the letter "s," must conform with the specifications and standard samples adopted by the Quartermaster General's office, and before making purchases of any such, quartermasters must provide themselves with adopted specifications and standard samples.

8. In making purchases of supplies themselves, or authorizing local purchases at posts or stations, chief,

and other, quartermasters will consider cost of transportation of articles from designated depot or point of supply, and take such action as is most advantageous to the Government.

9. Articles of veterinary supplies will, except when transferred from posts where there is a surplus, be supplied from depots or supply points of the Quartermaster's Department as follows: A. R. 1013 and 1014.
